Results:

The Stewards reopened an inquiry held on 12 July 2007 into the positive analysis of a urine sample taken from the greyhound SOHO SQUARE at Portsmouth Stadium on 10 April 2007. The sample had been analysed by HFL as containing the drug theobromine. At that inquiry, professional trainer Mr Cyril Friend had been found in breach of rules 152(i), 174(i)(b), 214 and 217, fined the sum of £300 and cautioned as to the future feeding of greyhounds in his care. In considering additional evidence at the reopened inquiry which had not been available at the original hearing, the Stewards were satisfied that the presence of the substance was the result of unknowingly feeding food which had been contaminated during the manufacturing process. Mr Friend was not in attendance and having reviewed the additional information, the Stewards rescinded the order and penalty levied at the original hearing on 12 July 2007. They found Mr Friend in breach of rule 174(i)(b) in respect of the positive sample and made no order.
